Grounds Services

“The most outstanding feature of SCS was their willingness to listen. They listened to our discussions on how a building would work with children in it.”

Sally Cowell Head Teacher

Swindon Commercial Services Ltd

SCS provides a comprehensive range of services for schools, and has vast experience of the educational environment. SCS works with school management and staff to ensure the desired outcomes are fully achieved, on time and on budget, with the minimum of disruption.

SCS builds and maintains schools inside and out, understanding completely the issues of working around children.

Professionally project managing every stage, SCS will ensure the safety of pupils and staff without compromising their educational needs.

To discuss your requirements call Customer Services on 01793 464880.

Construction

SCS can design and build any construction project from erecting an extension to building an entire new school. SCS build schools with innovative features including:

- Environmentally friendly 'green' roofs and rainwater harvesting systems
- Computerized environment management, controlling temperature, humidity, etc.
- Wider corridors which double as teaching spaces

Building Maintenance

With our vast experience of looking after over 1,100 council buildings, SCS offers a full range of services including:

- Regular maintenance to minimize problems
- 24 hour emergency call out with qualified experts available
- Gas and electrical safety checks by fully qualified engineers ensuring your safety
- Expert servicing of school boilers to ensure you meet your legal obligations
- Replacement windows and doors

Security

SCS provides a comprehensive security service including

- CCTV camera installation and maintenance
- Camera monitoring 24 hours a day in our own control room
- Security patrols visiting your premises – not just driving past
- Locking and unlocking service
- Training of safe handling (restraint) of children and adults
- Event security

“ I was really thrilled with the SCS project managing team; they were first class, I couldn't fault them.

Suzanne Seaton
 Head Teacher,
 Westlea School

Recycling Collection

SCS can collect

- Paper
- Cardboard
- Plastic
- Cans

We recycle 100% at our own facility, helping you to help the environment. You decide how often you want it collected, and we won't tie you into a contract - you can cancel the service at thirty days notice.

SCS can also collect:

- IT Equipment
- Bulky items
- Refuse

We can deliver environmental talks in schools and arrange guided tours of the Waterside Park recycling centre.

Transport

SCS provides a complete schools transport service including:

- Home to School transport
- School minibus service
- All SCS drivers are MiDAS trained
- All SCS drivers are CRB checked (enhanced disclosure)
- The fleet is equipped for wheelchairs

Grounds Services

SCS delivers a comprehensive service including:

- Sports pitch maintenance
- Tree surgery
- Planting and turfing
- Hard and soft landscaping
- Play area construction and maintenance
- Car park construction
- Road, drive and path construction
- Graffiti removal

“ As a contractor I feel that SCS did a terrific job for us. They became more than a contractor, they became friends of the school.

Sally Cowell
 Head of Shaw School

SCS can also undertake any related building work in replacement, refurbishment or extension projects. The experience of our design, manufacturing and installation professionals, together with our unrivalled project management skills, makes SCS the ideal partner to deliver the complete building solution.
